

Appl. No. 10/623,125
Amdt. dated December 19, 2005
Reply to Office Action of September 19, 2005

PATENT

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings of claims in the application:

Listing of Claims:

1. (Previously Presented) A die press system, comprising:
a commercial die press including a working area with a cutting height;
a die adapted to be located in a cutting area of a consumer press with a cutting height smaller than the cutting height of the commercial die press, the die having a height that is custom or specific to the consumer press cutting area; and
an adapter having a thickness or height that is generally approximately equal to the difference between the height of a commercial die and the height of the die, and configured to allow the die to be utilized with the commercial die press.

2-10. (Canceled)

11. (Currently Amended) A die press system, comprising:
a first die press including a working area with a first cutting height;
a die having a height configured for a the first cutting height;
a cutting pad; and
an adapter configured for use with the die and the cutting pad to enable use of the die in a press having a second cutting height, wherein the second cutting height is larger than the first cutting height.

12-17. (Canceled)

18. (New) The die press system of Claim 1, further including a cutting pad.
19. (New) The die press system of Claim 11, wherein the height of the die is 0.616 to 0.628 inches.
20. (New) The die press system of Claim 11, wherein the cutting pad has a thickness between 0.312 and 0.317 inches.
